Americans For America — America For Americans

SIXTY-EIGHTH YEAR No. 50

CEDARVILLE, OHIO, FRIDAY, NOVEMBER 9, 1945

PRICE, \$1.50 A YEAR

CONGRESSIONAL HAPPENINGS IN WASHINGTON

By CLARENCE J. BROWN
Member of Congress

Twelve million Americans now paying Federal income taxes will be exempt from such tax in '46 under the provisions of the so-called "quickie" tax bill, approved by the Congress and sent to the President last week. Other individual taxpayers will have their income taxes reduced by three percentage points in each bracket, plus a five percent over-all cut on the total amount of tax due. The war-time corporation excess profits tax is to be eliminated as of January 1st, while normal corporation taxes will be reduced by four percentage points for small corporations and by two percentage points for corporations with profits of more than fifty thousand dollars. The capitol stock tax on corporations has been entirely eliminated, while the \$5 dollar automobile use tax due July 1st each year, has also been abolished. The total reduction in revenues as a result of the new bill has been estimated by Treasury officials as five billion nine hundred dollars, but most economists believe the tax cuts will prove such an incentive to business expansion that total taxable income will increase and the actual loss in revenue will be less than the figure fixed by the Treasury.

The House has passed and sent to the Senate a joint resolution appropriating the remaining five hundred and fifty million dollars due on the original pledge of the U. S. to contribute a total of one billion three hundred and fifty million dollars to the United Nations Relief and Rehabilitation Administration. All the other great powers signing the treaty establishing UNRRA have made their promised contributions in full, with the exception of Russia. Notwithstanding the dissatisfaction which was expressed on the floor of the House with the way UNRRA has functioned, the membership believed it necessary for the United States to live up to its obligation by contributing the balance under the original agreement. The vote was 339 to 17. However, action was not taken until after the House had adopted, over vigorous administration opposition, the Brown amendment, prepared by your humble servant, prohibiting the expenditure of any American funds in any country which refused to give free access to the news or proper use of facilities to representatives of the press and radio of the United States for reporting back to America the way UNRRA operations are carried on and American funds contributed thereto are spent.

The so-called Byrd Committee of the Senate, which has been making a study of possible economies in the Federal government, has just made a report to the President pointing out there are more than three million six hundred thousand civilians now on the payroll, with many government services being duplicated in dozens of agencies having jurisdiction over similar matters. In fact, the Committee discloses all sorts of waste and extravagance in the Federal Government with duplication of effort and general confusion so great as to make necessary a thorough-going reorganization of the entire government structure.

As more and more testimony and information are given to the Congress, the feeling is growing on Capitol Hill, that the greatest hope of future national security rests in an early attempt to get international agreement to control or outlaw the use of atomic bombs in warfare, and in the continued attempt to get a world organization for the preservation of peace firmly established and fully functioning. The coming conference between President Truman, Prime Minister King of Canada, and Prime Minister Attlee of Great Britain on the atomic bomb problem to be held here in Washington within the next few days, will be of the utmost importance. No Congressional action will be taken on the atomic bomb subject until after the conference has been completed.

The display of United States Naval power in various American seaports on Navy Day was pleasing to many spectators and may have had a strong effect on other nations, but it also brought forth the Truman administration and Navy Department heads responsible for the demonstration an unlimited amount of criticism from the armed forces. From all over the world letters of complaint have been pouring in on Congressional offices from "high point" men in our fighting forces stranded in foreign countries because of lack of transportation. These men, as well as their families at home are insisting it is far more important to

use available shipping to return veterans home for discharge than it is to put on Navy Day celebrations.

Andrew J. Higgins, the New Orleans boat building wizard who made such large contributions to campaign funds for the reelection of President Roosevelt, last week announced the closing down of his ship yards, and the stoppage of all construction of pleasure craft and other vessels for the post-war period, because of his inability to carry on in peace-time under present labor laws and government regulations. Higgins insists it is impossible to operate at a profit under present New Deal restrictions—and it is evident he has been entirely disillusioned.

Butter, on which ration point values have been dropped, went up in price from five to six cents a pound on Nov. 1st, due to ending of government subsidy payments. All during the war, when there was full employment at high wages, and war workers had plenty of money, the Federal government paid producers five cents per pound subsidy on butter in order to hold down the price to the consumer. Now that the war is over, take-home pay has dropped, and there is considerable unemployment, the subsidy payments are stopped and the price of butter permitted to go up to its natural level. Somehow or other it all does not seem to make sense.

COLLEGE NEWS

President Vayhinger represented Cedarville College at the inauguration of Dr. John Gordon Howard as the 15th president of Otterbein College last Saturday. The academic procession was a very colorful one with near a hundred colleges represented. The main address was by President Kenneth Brown of Denison University. Mrs. Vayhinger accompanied her husband.

Dr. F. A. Jurkat was the guest speaker last Sabbath morning for the congregation of the Xenia First Presbyterian Church in the absence of the pastor, The Reverend David Hardy Deen.

Prof. A. J. Hostetter was the dinner speaker at the annual clinic of the Miami Valley High School Journalistic Association, held Thursday of last week. He used as his subject, "The Power of an Idea." The embryo journalists were advised by the speaker that success in life consists not in the money one can make but rather in the building of a character. The foundation of character is to be found in the knowledge that comes from science, literature, the Bible, and the common virtues, honesty, integrity, fair play, decency and the like. The clinic was held at Xenia Central High.

The thump of the corn on the bank board has given way to the roar of the corn picker in these days of modern agricultural machinery. Both wheat sowing and corn picking were delayed by the rain last week but the humming of the tractor, drill and picker is in the air this week.

Reverend Paul H. Elliott gave an interesting chapel address Tuesday. His thought was centered around the place that runs play in life. To have a successful life choose the right runs under God's guidance.

The regular current events period Thursday morning was led by Prof. A. J. Hostetter. Among the topics considered were election news, war rumblings and enemies trials.

President Vayhinger gave the sermon of the South Charleston Presbyterian Congregation last Sabbath in the absence of the pastor, The Reverend Robert Rayburn.

Thirty head of fine Hereford calves weighing about 400, are feeding on the lucious pastures of the College Farm that have sprung up due to fall rains. They came from beyond Wichita, Kansas, President Vayhinger and Manager Bill Boyce picked them from a carload at the Producers Association the rest of the week. The increase brought the number of cattle to about three score on the farm.

OSBORN VOTES FOR CHARTER FORM OF GOVERNMENT

Osborn voted Tuesday for charter form of government and fifteen candidates were approved to write the new charter. The vote was 374 favorable to 135 against.

The voters in Osborn failed to approve a \$10,000 bond issue to enlarge and remodel the municipal building. The vote was 305 for to 187 against, lacking the required 65 percent majority.

—BUY WAR BONDS TODAY

INFIRMARY BOND ISSUE IS DEFEATED

The vote on the county infirmary bond issue was quite a surprise in some sectors of the county where an underhanded method of opposition developed to kill the bond issue. The result of the voting, unofficial count at this time was 3291 for and 2429 against. The law requires a 65 percent majority, which was not forthcoming on the result. The vote did carry but with 327 short of the necessary percentage.

Opposition developed a few days previous to the election from sources that had a selfish interest. Talk about a county hospital, old age pensions and social security were the blind arguments to defeat the issue. It may be a long time before the opposition will be able to reap a reward for what the campaign was intended.

Pouring tax money year after year into an old building that cannot be modernized is but a waste of public funds.

In as much as the present building is not fire proof the aged and infirm are daily at the mercy of the elements and a majority of the electors realized the danger and voted to change conditions.

House Passes Bill Sponsored By Brown

Congressman Clarence J. Brown offered a bill in Congress that no part of our relief money sent to Russia be turned over unless that nation allowed newspaper men and women the right to have real democracy and not censorship. The bill passed the House by a good vote but when more than 100 Democrats in the House voted against the Brown resolution, we wonder just when and where democracy starts.

LONDON PUBLISHER IN AUTO WRECK FRIDAY

Raymond B. Howard, London publisher, suffered injuries last Friday night about two miles east of London, when his auto was forced off the road to avoid a head-on collision. In doing so the car hit a pole. Mr. Howard was returning from Columbus. He suffered a compound fracture of his right limb below the knee and facial cuts. Mr. Howard was taken to London and later to Grant Hospital, Columbus. His condition is regarded as favorable for recovery.

Prince Of Peace Contest Contest Sunday Night

The Prince of Peace Declaration Contest conducted throughout the state under the auspices of the Ohio Council of Churches will be held in the High School Auditorium next Sunday, November 11 at 7:30 P. M.

The following High School boys and girls will participate in the contest: Charlotte Collins, Kenneth Dailley, Kathleen Evans, Martha Tammish, Irene Turner and Joanne Whittington.

Each one has memorized an oration chosen from the official Book of Selections published by the Ohio Council of Churches, and will deliver the oration. Judges have been chosen to pick the winner who will receive a bronze medal from the Ohio Council of Churches and who will represent Cedarville in the county contest to be held early in December. The winner of the County contest will receive a silver medal and will represent Greene County in the District Contest.

The winner in the district contest will compete in the state contest for awards as follows: First Prize four year free tuition college scholarship and \$200 in cash. Second Prize two year free tuition scholarship and \$100 in cash. Third Prize one year free tuition scholarship and \$50 in cash. More than 600 churches in the state will hold similar contests Sunday night. This is the twenty-first annual series of contests in Ohio and many other states are now participating in the enterprise.

Special music will be furnished at the local contest by the United Presbyterian Church Choir.

1609 FEDERAL EMPLOYEES ARE TO BE DROPPED

A number of local people who have had employment at the Fairfield Air Depot, have received notice that they will be dropped from the payroll after the next pay. Another list will get a similar notice two weeks later.

Randolph Eide Heads Telephone Pioneers

Randolph Eide, Cleveland, president of The Ohio Bell Telephone Company, has been elected president of The Telephone Pioneers of America.

The organization is composed of telephone workers who have had 21 or more years in the telephone business in the United States and Canada. Mr. Eide beats that requirement by nearly 14 years as he will receive his 35-year Bell System service emblem next March.

There are more than 97,000 telephone pioneers in the organization, of which approximately 3,300 are members of N. C. Kingsbury Chapter 2, which covers Ohio Bell territory. Mr. Eide was president of this group from July, '39 to June, 1940.

Randolph Eide was born at Lee, Ill., attended public and high schools in Lee, and completed his academic course at the University of Illinois, specializing in economics and English.

RANDOLPH EIDE

and was graduated in 1910 with the degree of bachelor of arts. Mr. Eide was prominent in university literary circles and was elected business manager of the university newspaper, The Daily Illini, a position in which he became familiar with ramifications of the newspaper profession.

Entering the telephone business on March 27, 1910, as traffic student with the New York Telephone Company in New York City, Mr. Eide later held Bell System positions in New Jersey, St. Louis, Mo., Detroit, Mich., and Columbus, O. He became president on April 24, 1930, and is a member of the board of directors and the executive committee.

Mr. Eide is a member of numerous national, state and local business, financial, charitable, welfare and civic organizations and is a present or former officer of many of them. In World War II he devoted much time and energy to the war effort and civilian defense. In 1941 he was voted one of the three most outstanding alumni of the University of Illinois College of Commerce.

Mr. and Mrs. Eide have four children and the war effort received considerable help from the offspring as well as the father. Pfc. Richard P. Eide, a paratrooper went into Japan with General MacArthur, after having served at several points in the Pacific theater. T-4 Randolph Eide, Jr., was in China and now in India with an Army Signal Service Bureau. John Eide formerly a sergeant in the Army is now with the American Telephone and Telegraph Company in Memphis, Tenn. The Eides daughter, Catherine Christine, is the wife of John C. Grant Jr., former Army Corporal.

Mr. Eide is proud of his Norwegian ancestry. When the Crown Prince and Princess of Norway visited Cleveland in June, 1939, he delivered the city's welcoming address at a luncheon in honor of the royal guests. In April 1940, King Haakon VII of Norway conferred the Medal of St. Olaf of Norway on Mr. Eide through Wilhelm Morgaestjerne, Minister of Norway. The medal was presented in Cleveland.

First Presbyterian Church DECORATION IS NOW NEAR COMPLETION

The work of redecorating the First Presbyterian Church is progressing to the point where the auditorium has been completed. The seats are now being refinished and the floor will be the next. It is planned to open the church the last Sunday in November. Services are being held at Cedarville College.

DETROIT REFUSES TO FOLLOW CIO ON CHOICE OF MAYOR

Detroit citizens evidently want to have the nation keep in mind the city wants to remain American and be for America ideals. Tuesday the CIO foreign blooded candidate for mayor, Frankenstein, was defeated by Mayor Jeffries, a Republican, serving his third term, for reelection. The mayor lead his opponent by more than 50,000.

MARSHALL RESIGNS AS 'MARSHAL'

Chief William Marshall in a statement before village council Monday evening stated that he intends to resign his position as police chief due to the fact he has taken over the Standard Oil Co. local plant, formerly served by the late James Bailey for some years.

The officer stated that he would resign before the council a suitable successor is found by mayor and council. Whether council will act now is not known as the present body has but a few weeks to operate before the end of the year, when the newly elected members, four, take their seats.

Marshall has been street commissioner and also that of superintendent of the village water works, this latter job being under the Board of Public Affairs. Who ever gets the job will have to own and operate a truck or the village must purchase one.

Council asks Mayor Abel to name a successor to the late C. H. Crouse, deceased, who served on that body for 28 years. Council can fill the vacancy out must do so within 30 days after the vacancy occurs, if not then the mayor can act. Council suggested that the appointment be from the two who received the highest votes Tuesday.

A resolution of sympathy and appreciation for the work of the late C. H. Crouse as councilman, and that the council approve a resolution of sympathy be approved and a copy be sent to the widow.

HOG AND BEEF OUTLOOK
MEETING NOVEMBER 20—

The outlook for hogs and beef cattle will be discussed by L. H. Barnes, Extension Farm Management Specialist of Ohio State University at the Court House Assembly Room Tuesday evening, Nov. 20 at 8 o'clock.

All hog and beef cattle feeders are invited to attend this meeting where production trends, market demands, and prices will be discussed. Mr. Barnes will also discuss the Government support and ceiling prices, and subsidy payments on meat animals.

WATER TABLE FALLS—

The water table fell 5.59 feet in Greene county since July according to measurements made by water-well observers through the county. Records show however that the water table is now 2.71 feet higher than one year ago. For the state as a whole the average water level has declined about 15 inches during the past three months. However, the yearly comparison shows a different picture since the level has risen an average of 2.8 feet.

TURKEY PRICES—

The retail ceiling price on live turkeys when sold by the producer direct to the consumer has been announced by the OPA at 43 cents per pound. The wholesale price for live birds at the farm is 35c per pound. A delivery charge of 1-1-2 cents per pound may be added to the wholesale price.

For table dressed turkey sold by the producer direct to consumer the ceiling for birds up to 13 pounds is 63c per pound; for birds 13 to 16 1-2 lbs. in weight 62c; and for heavy turkeys 16 1-2 pounds and up 61 cents a pound. The wholesale prices for table dressed turkeys are 9 cents less than above or 54, 52 and 52 cents.

LOCAL BRED SHORTHORNS

SOLD—
Aiyett J. Gordin, shorthorn cattle breeder of Ross Twp. consigned seven head of cattle to the first annual sale of Central Ohio Shorthorn Breeders at London, Oct. 16. Mr. Gordin, who owns and operates Homestead Farm sold six Homestead females and one bull.

Homestead Farm is located midway between Cedarville and Jamestown. Mr. Gordin following in the footsteps of his father in purebred Shorthorn production, with a good foundation of brood cows, has at the head of his herd the outstanding sire, Breadfields Gallant.

ORDER CLOVER SEED—

Government estimates on red clover seed production indicate that farmers should put in early orders if they want locally grown seed, which is best adapted for Greene county farms. The red clover seed crop for the nation is larger than last year but Ohio production is down. The estimate on Oct. 1 put Ohio red clover seed production at 190,000 bushels as compared with a crop of 237,000 bushels last year.

FARM PRICES 19 PER CENT ABOVE PARITY—

Farm produce prices are now 19 per cent above so-called parity levels. Individual products range above and below this average. Federal legislation now in existence provides that the price of major farm products shall not fall below 90 percent of parity for a period of two years following January 1 after the end of the war. The war has not been officially declared ended. A decline of 90 percent of parity could mean an average fall of 25 percent in the present price of farm products, assuming that the prices which farmers now pay for the products they purchase remain the same. Ninety percent of parity would mean for wheat a price of \$1.40 per bushel, corn \$1 per bushel, and hogs \$11.50 per hundred.

Legion Will Observe

Armistice Day Sunday

Sunday is Armistice Day! Members of the American Legion as well as veterans of World War I, Veterans and men in service of World War II, who may be at home or on leave, are urged to attend services Sunday, Nov. 11, here when the body will be addressed by Rev. R. A. Jamieson, D. D. at the United Presbyterian Church at 11 A. M.

It is urged that all members of the Wallace Anderson post and others, meet at the Township Clerks office at 10:30 A. M. and wUnitederved k the church in a body.

SOUTH CHARLESTON VOTES
APPROVAL FOR \$30,000 BONDS

South Charleston on Tuesday voted for the \$30,000 sewer bond issue to extend the present system.

ABELS IS RE-ELECTED AS MAYOR

Tuesday was election Day. It was an ideal "Indian Summer" Day. The town folk locally turned out for about a fifty percent vote while the farm evidently stayed at home to harvest a corn crop or put in the wheat.

The only contest that drew much attention was that for the office of mayor of the village. There were three candidates, H. H. Abels, incumbent; Charles Rheubert and John Mills. The Mayor won the honor with more votes than the opponents combined.

But two of the present council were candidates, C. E. Masters and G. H. Hartman. There will be four new members with Ward Cresswell leading the list with the highest vote.

On the Board of Public Affairs the only present members serving who was a candidate was H. L. Pickering. The two new members are Fred Ewry and R. C. Frederick.

The electric light tax levy for five years carried with out much opposition.

Cedarville village and the township gave combined vote strongly favoring the county infirmary bond issue. The issue lost in the county on a close vote.

For township trustee Fred Barrett and Harry Hamman were re-elected without opposition.

The following is the tabulated vote in village and township.

YELLOW SPRING VOTE IN QUESTION; RECOUNT

The Board of Elections had to take over the counting of the municipal ballots in Precinct East, Yellow Springs. The ballots were impounded and all records taken to Xenia and officials notified to report at the board office at 9 A. M. Thursday when the count was to take place before the Board of officials and two inspectors named by the controlling party committee executive chairman.

When Chairman Earl Ritenour and deputy sheriff H. E. Barnett arrived at the polls they found an unauthorized inspector working on the poll books. It was reported the records were not complete and not in proper form. The situation was said to have been the outcome of a bitter local contest on the adoption of a charter form of government.

The report was that Precinct West defeated the charter plan by a vote of 101 to 161. One of the issues in the fight was that outsiders not taxpayers were behind the campaign for the charter plan. Considerable ill feeling was the outcome of the campaign.

JAMESTOWN HAS A "WRITE-IN" CAMPAIGN FOR MAYOR

Charles Sharp was chosen mayor of Jamestown over Vernon Stafford. The former's name was not printed on the ballot and the voters had to write in the name.

WHAT GREENE COUNTY MUST HAVE

There are several things Greene county needs but foremost in our opinion is an organization to represent the property owners on certain vital issues. Such an organization should first of all have the interest of the farmer, the home owner and in fact all taxpayers. There is at present no group or organization that is equipped to represent all classes irrespective of selfish interests. We have numerous groups and clubs but each was organized for a definite purpose. It seems that all professions are organized both for fraternal and to protect their own interests irrespective of another's interest or the county as a unit.

The recent misleading campaign against the county home bond issue was not for the best interest of the county as a whole but in the interest of a group that wanted something that would profit its members at the expense of the taxpayers. The campaign hardly served its purpose for the voters gave it a majority. The 65 percent requirement is one of the best protective laws the taxpayer ever had in his favor. We have confidence enough in the public to believe the 65 percent clause is no barrier if the purpose of move funds is worthy and of interest to the greatest number.

Greene county needs now, and will need it more later, a genuine taxpayer's organization that is county wide. The Herald is in possession of information that probably most persons do not know at this time and we will at times urge the formation of an organization that will have no connection with any group for selfish purposes. The taxpayer at present has no place to go to get factual information. Give him that and we do not fear the result.

WE MUST GET BACK TO FUNDAMENTALS

The strike situation in the nation's capital and as well as over the entire nation is the harvest of the crop of distrust seed planted during the past twelve years that has inflamed one group of society against the other. In other words there is not at the present time a place for what the nation once felt proud of—CONFIDENCE in one another. The hell of economic turmoil is the crop sown by the bastard born New Deal which has spread distrust, glamourous deception, and even placed the lie, however trivial, above truth. The public conscience has been numbed by deception and truth pictured as cunning. This poison has infected all ranks of society. Partisan politics has always had some of it regardless of which side of the fence you are on but in the industrial world confidence was a trade mark until we had a new brand of faith spread over the nation.

One reason why this poison has infected the nation to the extent it has is because it was born of those who have adopted the communist faith. The influence of the home and the church are not what they once were with the dogma enveloping the nation. Unless the nation is turned back to fundamentals such as can be found in Holy Writ, the Church, or the fraternal order that has stood for centuries for a belief in something opposite to what has been adopted under the New Deal, there is little hope for the future. Faith in one another can only be restored by returning to the Book of Books for guidance.

There never has been a time when the nation needed Bible reading more than today. It can be the remedy for much of the distrust in our social and industrial life. We give the following as timely, being an editorial from the Ohio State Journal.

The American Bible Society is sponsoring a world-wide Bible reading effort with the object of inducing as many people as possible to read a few verses daily from the Scriptures during the next two months. The society points out that the message of the Bible is more important today than ever before and hopes to supplant the propaganda that emanates from all corners of the globe with the Holy Writ.

In order to be helpful, the society has outlined a daily reading program, even down to indicating such Bible passages as should be

read. All Bibles are included and the object is to emphasize a personal message of the Gospel for a particular day or occasion.

This is in keeping with the awakening being attended to by the substantial growth in church membership and attendance these last three years. More people, it is plain, are turning to the Bible, for solace, for inspiration and for the promise it contains. It is well worth our time to read this Book more often, for it has truly been said that no person is well read until he has read the Bible.

It isn't necessary, of course, to follow the society's reading plan. That is designed for the nonreader, we believe. Most everybody possesses a Bible, but too many never open it. It would help us all and certainly harm nobody if this too-often neglected book were gotten out, dusted off and read studiously, not just during the next two months, but more or less regularly at all times."

NOV. 21, 1945

AN IMPORTANT DATE FOR THOUSANDS OF ARMY VETERANS NOW IN CIVILIAN LIFE

HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men with 6 months' service.)
2. Men reenlisting retain their present grade, if they reenlist within 20 days after discharge and before Feb. 1, 1946. The same applies to men discharged between May 12 and Nov. 1, 1945, who reenlist before Nov. 21, 1945.
3. An incentive in the reenlistment bonus to \$50 for each year of active service since the bonus was last paid, or since last entry into service.
4. 20% extra pay when overseas.
5. Paid furlough, up to 90 days, depending on length of service, with furlough travel paid to home and return, for men now in the Army who enlist.
6. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.

CEDARVILLE HI TAKES OPENING BASKET BALL GAME

The local High School basketball team defeated Xenia East High team on the local court by a score of 40 to 25. The East Xenia reserves defeated the local reserves 31 to 8. The local lineup was Parker, J. Townsley, J. Dean, C. M. Townsley, S. Swaney. Cedarville held the lead at each quarter.

Chairman Frank L. Johnson, of the Greene County War Finance Committee has made a strong appeal for more activity on the part of the public in the purchase of Seventh War bonds. Greene county has not taken its usual place in this drive. Heretofore the county stood well at the top even early in the campaign but not this time. It is pointed out many counties such as Greene have already made their quota. Give this matter immediate attention. bank or building and loan office. Buy Make your purchase at any post office extra bonds to hold them for educating your children, or in case of some misfortune that can happen in any family.

The W. S. C. S. of the Methodist Church in session in Xenia Wednesday took definite action regarding the Truman conscription policy for 18-year old boys for the armed forces. The group also endorsed a plan for international control of atomic bomb energy. Most all other religious groups have taken similar action. President Truman seems to be following the brass hats in the administration and manufacturers of war materials who are backing drafting of 18-year olds. Most citizens have come to the conclusion that the Truman situation is "small feet in large boots."

WINCHELL SENT SCARE INTO DEMOCRATIC RANKS

Walter Winchell, Sunday night radio commentator, who has been publicist for the New Deal for twelve years, must have been reading up on the inside of Pearl Harbor episode and who was responsible for the "attack" on Winchell in his last broadcast put a story or prediction on the air that it might be only weeks or months until we would be at war with Russia. The commentator sort of panicked the Truman administration for not having a definite program in his foreign diplomatic relations.

Probably Mr. Truman is holding out for his juvenile army of 18-year-olds to face the Russians, who seem to be demanding and willing to fight for all that FDR promised Stalin. Now the mooted question is "Where is Stalin?"

JOHN L. LEWIS BREAKS UP CIO-TRUMAN SLATE AT LABOR-MANAGER MEET

While the CIO-Truman labor-management conference debates in Washington, the taxi drivers and street car and bus drives went out on strike.

The transportation problem hit a half million people without warning. The conference had a surprise as well as the conference delegates that had to walk to work. John L. Lewis threatened to walk out of the meeting unless the CIO-Truman program was changed. Lewis wanted his union as well as railroad brotherhoods represented and this was finally done. The CIO had planned to keep both out and had sold Truman on the idea. Lewis won his point. The AFL does not want the wage question debated. The CIO does but President Murray lost out on a vote of the delegates.

"Want a Call Home, Soldier Boy?"

● The little girl has the right idea. A homesick G. I.'s first desire after landing from a transport is talk with Mom and Dad by long distance. Right now so many returning veterans are pouring into the country that long distance lines often are overcrowded with their glad calls of reunion.

More and more circuits are being added as our large nation-wide construction program gets under way. Until new construction restores peacetime standards of service, you can help a G. I. get through his first call home by keeping your long distance conversations as brief as possible. When others are waiting, the operator will remind you by saying: "Please limit your call to five minutes."
